

Some basic facts about STACK-CUP™ for your Staff.

- STACK-CUP™ are currently manufactured in Belgium (but over the next 12 months our goal is to have them manufactured here in SA).
- STACK-CUP™ are Re-washable, Reusable & Recyclable
- STACK-CUP™ are BPA free and made from Polypropylene (PP) material
- STACK-CUP™ can be washed thousands of times without compromising the integrity of the cup
- At the end of their life they are recycled into transporting crates for storage and bins
- The labelling forms part of the cup with (IML) In Mould Labelling so there is no ingress within the liquid inside the cup. The labelling will last the life of the cup.
- STACK-CUP™ can be purchased or rented here in SA! Go to greenerevents.com.au
- STACK-CUP™ can be branded to suit your venue, event or club in high definition!
- The record for holding the most beers stacked at one time is 24!
